

EY Resource

Listen to the children who are all saying where they would like to travel to when the lockdown is over? Where would you like to go? How will you get there? How long would you like to go for? Can you think of anywhere else you'd like to go? Is there anyone you'd like to visit?

I am going to go to the park because I really like climbing and going down the slides.

We live close to a zoo and I want to go and visit all the animals again.

I am going to go and visit my friend Ben. I've got a new toy I want to show him.

When lockdown is over, I would love to go to the seaside and build a massive sandcastle!
