

# Information for parents of children who arrive late for Nursery.

To save time when you drop off your children if they are late, Louise Grant will escort children who are late to their classroom.

There is no need to sign two registers - just signing the Late Register is enough. If you have any information for staff you can tell this to Louise Grant and she will let staff know.

This will also help avoid disruption in the classrooms when parents are coming in and out because this upsets the other children who want to know where their parents are when they see parents in school.

Thank you for your support with this and we hope it saves everyone a little time when we are all so busy.

Ms. Humble

Head Teacher
